MAROON

1978

Leicester High School

The 1978 Maroon

Advisor Mr. Normand LaPlante, Editors: Mary Bisceglia, John Doray, Marybeth Swan, Edie Ryberg.

There has always been that man who has been unobtrusive, yet who has been extremely important in all our school affairs. He has been responsible for all the money transactions that have taken place in Leicester High School while also being a very helpful friend and a true teacher.

During our four years at Leicester High School, there has also been another individual whose energies and committments on our behalf could easily be seen daily by all of us. He has always been a real friend to us while devoting much of his time into our class.

The Class of 1978 dedicates its yearbook to two very fine men, Mr. Robert Giddings and Mr. Normand W. LaPlante.

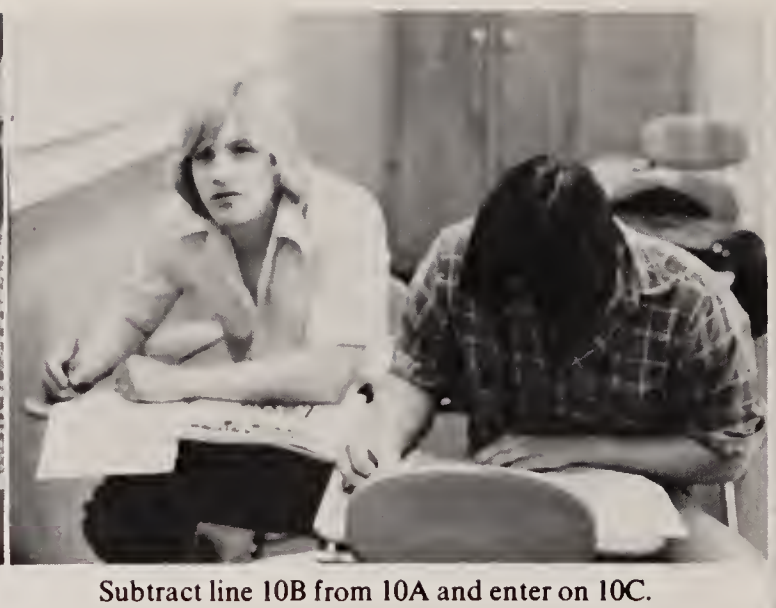
Wacky Zacky, Prudence, Titunman. What a tan. Sophomore Class Trip?? Clark Manor. Get the lead out. The Dam. Beatles follower forever. Ski trips and Wow, what a trip. Bike rides to Paxton . . . Quabbin. Judy, a friend to all. Remember Panama? Good times in Fairlawn. She will ski her way to success.

Raymond Kelman 11/21/60

Spent four years at Leicester High . . .

We saw that!



Subtract line 10B from 10A and enter on 10C.

Future cafeteria lady?

She's over there Dave.

I'm out of here.

She's choking!

I said "No."

We caught you.

If you can't see me, you can't take n picture.

Cool.

Dirty books in history class?

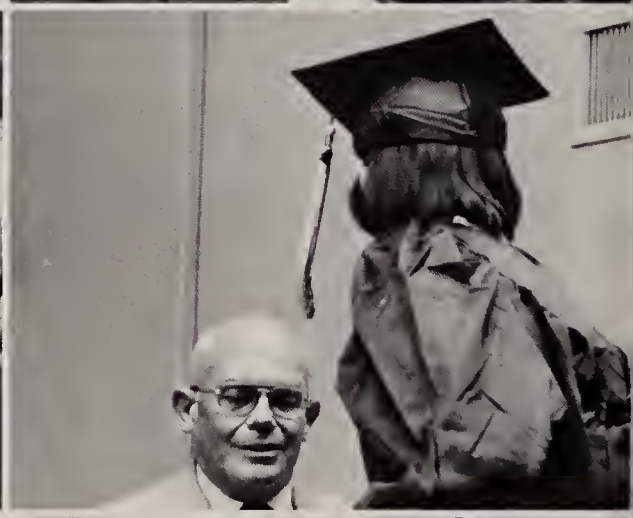
DAY
JUNE 5
1978



Class History

After six long years, we are finally ready to graduate; but, before we can do so, we must look in retrospect at what has passed.

After two years of "prep" school at Leicester High, the time came for us to become the "most ill-mannered and boisterous class to attend LHS" according to the gospel written by Ester Avedian. We were now the typical itzy-bitzy freshmen, scared stiff of all the upperclassmen and always on guard for initiation day. Our freshman year began slowly, but we were always that way! With Mr. Brooks as our advisor, we elected Rhonda Ayotte — President, Johnny Foy — Vice President, Liz Higgins — Secretary, and Kathy Corley — Treasurer.

At the beginning of our sophomore year, we started to collect dues and get out of the invisible and into the black. With Mr. Jalbert as our advisor, we elected Patty Dykas — President, Pam Poirier — Vice President, Ray LaHair — Secretary, and Julie Burning — Treasurer. After ridding ourselves of the stigma of being freshmen, and still bearing the fears of initiations, we turned to our first money raising project — a concert. In keeping with tradition, June 7th we went on our sophomore class trip to Paragon Park at Nantasket Beach. The day began gloomy, with three bus loads of excited little kiddies anxiously awaiting our destination. When we arrived, kids headed for the rocks, and the high tides started a-rolling. We left Paragon Park with sick stomachs from all the rides and aching heads. Our second year in high school ended with the masked man from Josten's scoffing up all our life's savings.

Now it was time to shift gears to get something accomplished. In our Junior year, we elected Tom Kalinowski — President, Ray LaHair — Vice President, Pam Poirier — Secretary, and Julie Burning — Treasurer with Mr. LaPlante as our advisor. To begin the year, we sponsored a Junior Class Water Fight, and we even managed to wash a couple of cars! That year we decided to have our own Dance Marathon on March 4th and get into some "mad boogying" on the gym floor. This was one of our most profitable enterprises which ended with a bang as Lee T. destroyed two gym doors!.

Our Junior Prom was on Friday, May 13th — of all the luck! With snow a few days before, all the girls with halter gowns thought that this was the end! The prom was held at the Flame & Sword in Mendon, Mass., only 50 miles away from home. What the heck! Our theme was Imagine! Imagine if only the band knew how to play it! Terry Friend was selected Queen and her court consisted of Lori Powell, Barbie Vancelette, Ann-Marie Shivick, and Rhonda Ayotte. The day after the prom, half the class went to the May Day concert and the other half went to the beach. Wherever we went, heads were still swimming.

Exams were something added to the LHS program that year with absolutely no one exempt. This was something that added a little extra desire for summer to arrive. After the long awaited departure of the Seniors, we finally got the run of the school.

During our first three years at LHS, sports were the same as usual, with a few highlights here and there. In our freshman year, at the Wachusett Invitational Race at Wachusett Regional High School, Rich Wall set a record in the Class C Division Junior Varsity for the fastest time on a 2.6 mile course. His time was 13 minutes 16 seconds and Rich still holds the title. In our sophomore year, the football team pulled through with the Class C Division Championship after a few, shall we say "rebuilding years." The team seems to have a lot of them. In our Junior year, the girls' varsity basketball team was the District III Division II Champs, a first in the history of LHS. The football team set a first also that year, the first time to lose to Prouty in 7 years on Turkey Day.

A tennis club was also started that year by Mr. Hippert with the hope of starting a Varsity team the following year. During these three years, the cross country team was dominated by Rich Wall — 3 year MVP — with Jason Southwick toddling 45 seconds behind him, both on and off the track! Scot Styren was honored with an award in his sophomore and junior year for outstanding devotion to Leicester High sports. In her Junior year, Karen Wetherbee received the student athlete of the year award.

After an all too short summer, we were shoved into the hustle and bustle of being Seniors. We were greeted by shouts of "Buy yearbooks," "Get ads," "Pay dues," "Pay for the class trip," pay for this and pay for that! Becoming a Senior is like climbing out of a hole. After three years of being looked down upon by previous classes and faculty, the school was finally at our mercy and we were Seniors. Along with that honor comes Senior privileges, whatever they are! We elected Tom Kalinowski — President, Don Cherry — Vice President, Pam Griffin — Secretary, and Julie Burning — Treasurer with Mr. LaPlante as our advisor.

Our first money raising project of the year was a bake sale. A new tradition began this year which was Homecoming Week. Julie Burning was crowned queen with Ann-Marie Shivick, Liz Higgins, Terry Friend, and Kathy Corley in the court. The activities of this week included a Maroon day, a hat day, and parade before the football game from the high school to the field. During half time at the football game, there was a cross country meet. To end the week, there was a concert held on Saturday night in the high school gym.

After a few "rebuilding years," the cheering team finally came through. Even though they should have been the starting line-up for the girls football team, they did bring spirit back to the school. To represent the Senior Class as cheerleaders were co-captain Linda Lemay, Sue Anderson, Lisa Jacques, and Pattie Wood. The football team's record was satisfactory, but when Thanksgiving Day arrived, we proved our superiority by defeating Prouty 16-0. For ripping the pants off them we were honored with a trophy from the New Leader, which, until proven otherwise will remain in our possession forever! Cross Country had an excellent year with top runner Rich Wall as MVP again, naturally!

Our next major fund raising project was our Senior Class Play, Room 222. Our rehearsals were filled with Mrs. Matte constantly yelling and screaming to keep all the children in line. The big attraction at these rehearsals was the athletic competition between Steve Lilley, Rich Wall, and Jason Southwick to see who could do the most push-ups! But through all the struggles of learning lines and visions of a "bomb," we turned out one of the bigger and better plays of LHS.

To initiate school spirit during the winter, LHS sponsored a winter carnival week. We didn't need much help because the "Blizzard of 78" took care of that. Activities included a Carnation Day, and ice cream parlor before two basketball games, and a Semi-Formal Dinner Dance as the grand finale. The boys basketball team did exceptionally well for the height they had to work with. The girls' varsity team made it to the Districts again, but were defeated in the second game.

Our final money raising event was the spaghetti supper held on March 31st.

We didn't have much of a turn-out, but thanks to the generosity of Rich Mattei's Catering Service, we made some profit. The time finally came for the biggest and best time for any senior in high school, the Senior Class Trip to Washington, D.C. We had such a great time we decided it best to nickname it the "Great Luau of the Class of 78."

On Monday, April 17th, 60 half-awake seniors and six chaperones, Mr. LaPlante, Mrs. Crocker, Miss Morin, Mr. Albro, and Mr. and Mrs. Hair, stumbled onto 2 Worcester Bus Company "outhouse equipped" buses and departed from Leicester at 6:45 a.m. The bus ride was a trip in itself, 8 long hours of driving! Ten minutes after our arrival at the Travelodge, the ice machine was emptied and remained that way for the duration of our stay. Our days were filled with tours following the ladies with the umbrellas. Our nights were long and enjoyable with few hours of sleep.

The most memorable night was dinner at Blackies' and dancing at the Deja Vu. The dancing started when we arrived and died when we left. One thing definite was the Class of 78 brought the place alive that night. On Thursday morning, it was time to leave. The management of the Travelodge seemed over-joyed at our departure. I wonder why??? All in all, our Senior Class Trip was the best!

Getting back to school with only 6 weeks left, we soon found that time has wings. Edie Ryberg was chosen as the Telegram and Gazette Achiever from Leicester.

The softball team had a great year capturing the Southern Worcester County League Title. The baseball team also had an excellent year with a winning record. Track was a slowly rising power in the league. Now it's their turn for a few "rebuilding" years. The golf team also had a good year with only one loss in the league. A boys' and girls' tennis team was started this year and proved there was a great deal of talented tennis players in this school. Jeff Bercume and Steve Lilley were the top two players with Dave Kilmonis and Dave Snay following close behind.

On September 8th, we gained a new and special member to our class. She came from a foreign country with the hopes of gaining an experience never to be forgotten and to learn a different way of life. We feel that she, in many ways, has brought our class closer together and has given us an experience we will always remember. Kerstin Lundberg, we want to thank you for being our guest and our special friend from Sweden!

Class Day "78" took place on June 5th. This Class Day had to be extra special because of the deletion of the Class Will and Prophecy. To help make this day different, single red roses were passed out to female members of the faculty and boutonnieres to the men. Awards from each specific course of study were dedicated to the student who most deserved it. Senior recipients of the following awards were: Art: Darlene Colby, Business: Kathy Corley, English: Tom Kalinowski, Literature: Karen Wetherbee, Foreign Language: Don Cherry, Home Economics: Marybeth Swan, Industrial Arts: Billy Klosek, Math and Science Awards: Mark Falk, Music: Dave Snay, Social Studies: Edie Ryberg.

The Class Song was finally decided after two petitions were signed and two different ballots were cast and a song was found that could be sung in key. With the help of Jason Southwick on the piano, the class chose "Let It Be" as our song. Unfortunately, when the time came to sing it, Jason couldn't play with his broken finger. Mrs. Avedian played her best as the class sang what turned out to sound like the worst dirge ever to be heard. But, at least the band at the dinner dance could play it.

The Senior Dinner Dance also took place on June 5th, at 8:00 P.M. at the Chateau De Ville in Framingham. After dancing to the music of John Riople's band for two hours, most of us decided the Prom next door had a much better band . . . and more people!

On Tuesday, the sixth, another new idea had been added to LHS — a sports awards assembly — at night. Awards were once again given to participants of each sport, but seniors seemed to dominate the individual rewards given. Alex Albert not only earned the MVP for LSH football, but also received special recognition for being a member of the baseball team. Greg Burtt certainly deserved the MVP for both basketball and baseball. Rich Wall, for the fourth consecutive year, received the MVP for cross country. Jason Southwick received MVP for the track team, Jeff Bercume for the newly organized tennis team, and Nancy Lucier for the girls' field hockey team. A special award was given to one boy and one girl who had earned the student-athlete award for this year. Steve Lilley accepted the boys' award as Joanne Daige captured the girls'. Scot Styren, for the third consective year, received the "contributed the most to athletics" award. The recipient of the most import award, the Wolverine of the Year Award, was Rich Wall.

Now, as our four years of loyalty and faithfulness have been completed, we testify the following to be our Last Will and Testament;

To Leicester High School we leave the mysterious red "78" on the back of the school.

To Roger we leave a map of all the hiding places at the Travelodge in Washington, D.C. that you never did discover.

To the Juniors we leave all our unpaid bills.

To the Sophomores we leave them dateless.

To the Freshmen we leave all our old car wash signs.

Finally, we leave the entire faculty and administration relieved!

It seems that the best part of reminiscing and looking back to great times is all those "Do you remembers?" or "How could you forget?" These are only a few from some of past years.

Do You Remember . . .

. . . freshman year, we don't!

. . . Irma K. Bosse and Mr. Jerome. Funny how they retired after we had them.

. . . counting how many times Pinky said, "that type of thing."

. . . sweat-hog!!!

. . . baskets for lockers.

. . . buckets in the corridors and puddles in the rooms.

. . . Miss Morin always saying, "No cut-offs!"

. . . initiation!!!

. . . getting Alpo for lunch.

. . . girls playing jacks on the girls room floor.

. . . the dogs in the cafe.

. . . fighting to get into the lunch line, buying a double, and ending up throwing half of it away.

. . . girls — Eileen Grady

. . . boys — Bob DePatie.

. . . using cemeteries as partying places.

. . . Drivers Ed

. . . Rut-Rogs???

. . . standing through rain, sleet, or snow just to have a cigarette.

. . . Fridays at Quabbin.

. . . parties, parties, parties, and yet more parties?

. . . girls in the boys room, or was it boys in the girls room — maybe it was just the Junior Prom.

. . . Duplicate gowns at the Junior Prom?

. . . if you only knew Page 121.

. . . teachers saying, "Don't believe any Seniors don't flunk!"

. . . the roast for Jason Southwick in Mr. Albro's room.

. . . those endless standing ovations that were given for no reason at all.

. . . 50's Day.

. . . what happened after the play???

. . . having peanuts for lunch, then having peanut warfare?

. . . the corner of 14th and K Streets???

. . . how many tons of ink and how many tons of paper are used each day at the Bureau of Imprinting and Engraving.

. . . Sergeant Crocker and Captain Albro stationed at the picture windows?

. . . moving Mr. McKay's car — by hand!

. . . flipping Mr. Rochette's door . . . and head???

. . . Rich Wall trying to wear the wall clock from the cafe for a wrist watch.

. . . Alex, alias "Arnold Schwartzneiger" Albert setting the record for pumping iron — 300 lbs. oooooooo

Soon, Wednesday will be here and our high school days will be over with graduation.

And so the time has come to bid au revoir! Our memories are happy ones that will be long remembered. Our friendships we have developed are strong and true.

The future is ahead of us and waiting. But always remember, wherever you go in life, or whatever you do —

"IT'S ALL PHYSICS!!!"

Respectfully submitted,

Susan Anderson
Mark Falk
